

TIME WARNER CABLE BUSINESS CLASS

Internet Access

In today's fast-paced marketplace, your company needs a bandwidth solution that keeps you one step ahead of the competition. Now, more than ever, increasing productivity while minimizing costs is essential to your company's success. That is why Time Warner Cable Business Class, a leader in providing innovative technology and best-in-class products, offers a wide range of broadband solutions that keep up with your growing business needs and requirements.

Time Warner Cable Business Internet Access connects businesses to our wholly owned network, a facilities-based infrastructure that is secure, reliable and redundant. With Internet Access, downloading and uploading files of all sizes takes seconds, and email is transmitted quickly and reliably, saving you time and helping your business run more efficiently. Plus, as your company's need for faster speed increases, we offer scalable bandwidth options ranging from 7 Mbps to 15 Mbps. By choosing Internet Access from Time Warner Cable Business Class, businesses can ensure that they are getting the speed they need to achieve maximum productivity and stay one step ahead of the competition.

Migrate to a cost-effective broadband service today with Time Warner Cable Business Class. We offer businesses a wide range of Internet, Phone, Cable TV and Ethernet solutions. Contact your local Time Warner Cable Business Class office for a free consultation today.

- > **Greater Productivity:**
Delivers premium bandwidth throughput speeds enabling your business to be more productive.
- > **Bandwidth Scalability:**

- > **Network Reach:**
Eliminate distance sensitive services with our wholly owned network that extends from metropolitan to outlying areas.

You first. The technology follows.™

Internet Access

Benefits

- > Easy Installation — Migrate to broadband and avoid the expense and disruption of installing legacy frame relay, private or T1 lines
- > Increased Productivity — Increase network capacity for enhanced capabilities to run data-intensive applications like file transfers and streaming videos
- > Comprehensive Product Solutions — Combine additional services, such as Phone, Cable TV and Managed Security, for greater cost-savings

Features

- > Wholly owned Network — Efficient and secure Hybrid Fiber Coax (HFC) network assures reliable business communications
- > Scalable Bandwidth — Customizable and flexible bandwidth that can be adapted based on your changing business needs
- > Speed — Enhance speeds with our broadband technology for greater business performance

Service Tiers*

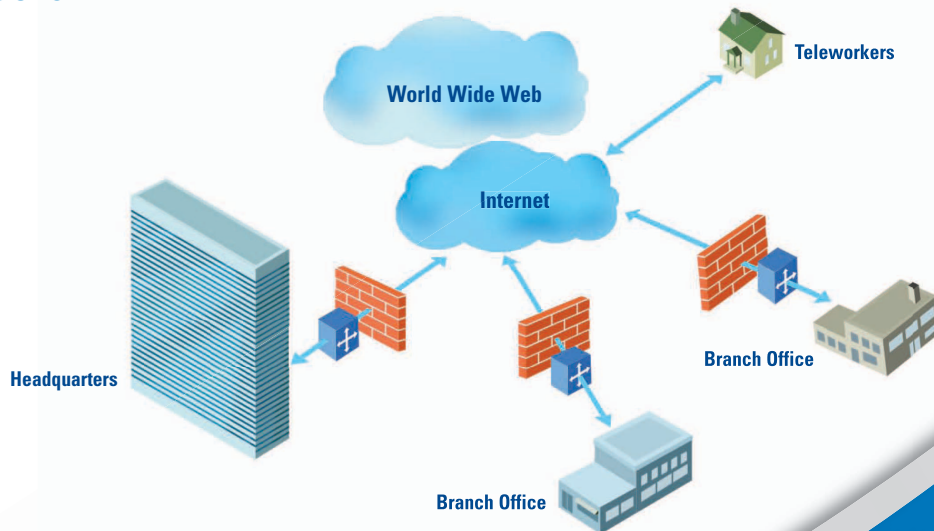

Downstream Speed (download)	Upstream Speed (upload)
7 Mbps	768 Kbps
10 Mbps	1 Kbps
10 Mbps	1.5 Mbps
15 Mbps	2 Mbps

* Service tiers may vary by market

Value Added Services

- > Managed Firewall — Reduce and eliminate exposure to attacks with network security that's customized uniquely for your business
- > IP VPN — Securely transport data, and exchange sensitive information, between locations
- > Storage Solutions — Store and recover critical files quickly and efficiently with our automated, network-based services
